

SMART**CHERRY**

ABOUT US 2023

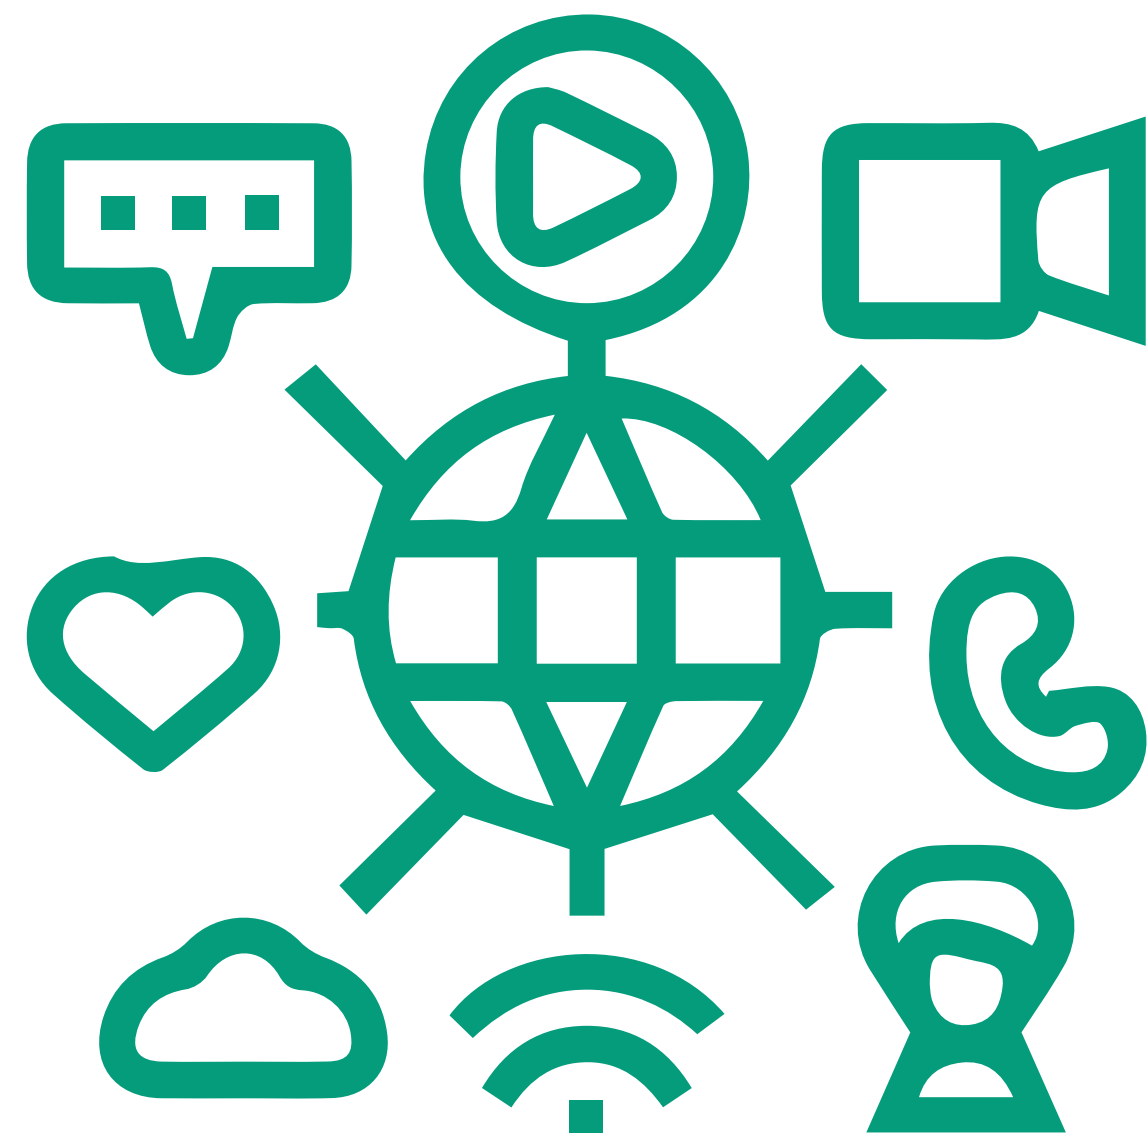

The main cherry producing regions are North America, Eastern and Southern Europe, Asia, South America, South Africa and Oceania

Smartcherry is a Chilean leading multi-platform media source in the cherry industry.

Our philosophy is to share valuable and relevant content that educates, informs, and inspires our audience. We believe in the power of knowledge and strive to be a trusted source of information for the cherry industry.

We are pioneers in digital and content marketing for the agricultural sector regarding the Cherry Industry.
